

**Laboratory Quality Management Training
on
ISO/IEC 17025:2005
(Conduct in English)**

12 – 14 April 2010

Organized by

**Hong Kong Association for
Testing, Inspection and Certification Ltd.**

Website: www.hktic.org

Email: tic@cma.org.hk

Tel.: 2542 8664

Fax: 2541 8154

This two-module course provides comprehensive training to participants who implement and manage ISO/IEC 17025:2005 and conduct internal audits.

Objective

This course focuses on laboratory management. It fully explains the basic requirements of ISO/IEC 17025:2005 (the international standard which HOKLAS accreditation based upon) and discusses the effective execution of the laboratory management system. Emphasis is given to the practice and application of the system to **improve the reliability and productivity of laboratories**.

On completion of this course, participants shall have adequate knowledge to **implement and manage a laboratory management system in accordance to the ISO/IEC 17025:2005**.

Feature

It is designed and delivered by experienced laboratory executive professionals who have been actively involved in HOKLAS accreditation and assessments. Each instructor has over ten years of solid experience in laboratory operation, in which at least five years are within a HOKLAS accredited laboratory.

Outline

Module 1

Laboratory Quality Management

Day 1

1. Management System
 - Overview
 - Difference between certification and accreditation
